JENSEN®

2013

Mobile Entertainment That's on the Move

Since founder Peter Jensen and associates first invented the loudspeaker in 1915, innovation has defined the Jensen brand. Targeting the discriminating consumer on the road, Jensen supplies it all: legendary speakers, powerful amplifiers and, of course, groundbreaking mobile multimedia. Jensen engineering means sophisticated technology, built to transform any vehicle into a personal theater or concert hall. Pristine sound. Gorgeous visuals.

What's the development focus this year? New and cutting-edge. Starting with our spectacular line of multimedia units, all of which sport enhanced graphics and user interface, SiriusXM-Ready™, Parrot® Bluetooth® and Pandora® control. To top off the line, we're now introducing the brand new 9700 Series Multimedia/Navigation System, which is sure to turn a few heads. And our

commitment to pedestrian and driver safety continues to be demonstrated by our nationally recognized Collision Avoidance systems. So, add a new double-din CD player and two new amplifiers to round out the Power Series line, and you can see how busy we've been at Jensen doing what we do best: innovating mobile entertainment technology.
Bottom line, with Jensen technology, you're always on the move... and headed in the right direction.

Your Connection to Performance

The great thing about Jensen technology is that it all connects and communicates — right out of the box. For instance, we design our products for iPod® and iPhone® connectivity, enabling customers to derive greater value from their technology investments by easily integrating them into their active mobile lifestyles. Jensen, in fact, offers a wide variety of easy-access ports, enabling quick, plug-in connectivity to today's digital media.

More and more consumers are streaming audio through their smart phones. Well, they'll love being able to control Pandora directly from their Jensen multimedia receiver. Built-in navigation helps keep drivers connected to their destinations, while SiriusXM-Ready™, Bluetooth® technology permits them to keep their hands safely on the wheel.

Convenience. Compatibility. Performance. Safety.

When you connect with Jensen, you connect with ease.

PANDORA®

9700 SERIES

VM9726BT

2DIN 6.2" widescreen navigation/multimedia system

- 6.2" High gloss touchscreen
- DVD / CD / MP3 / WMA playback
- Built-in navigation (iGo Primo) with USA maps
- Text-to-speech voice guidance in English, French and Spanish
- Built-in Parrot® Bluetooth® with external and internal microphones (HFP/A2DP/AVRCP)
- SiriusXM-Ready™
- Pandora® Control via iPhone®
- Made for iPod® / iPhone®
- USB / SD inputs
- RGB front panel button illumination
- Multi zone
- Front Audio / Video input
- 4VRMS RCA line out
- Front / Rear / Subwoofer
- Audio / Video out
- Steering wheel control interface capable
- Remote control

Building on the popularity and success of our bestselling series of Navigation/Multimedia Systems, Jensen introduces the all-new VM9726BT to the mix. With an enhanced user interface and tricked up features and functions, and coming complete with Parrot® Bluetooth®, the VM9726BT has the look, the feel, the versatility and the sound to lead this impressive lineup.

Source Screen

Bluetooth® Screen

iPod® Screen

- **Enhanced graphics and user interface**
  The look and feel of the interface has been enhanced not only for the new 9700 Series, but for all other series receivers, as well — including cool on-screen graphics. The new design offers five on-screen color themes (red, amber, blue, green and purple), five preselected wallpaper backgrounds and three animated backgrounds, plus the ability to upload your own images to be used as backgrounds. In addition the RGB backlighting enables a greater ability to match dash colors for a truer and more aesthetically pleasing factory integrated feel.

- **Upgraded operating system**
  The operating system has been revved up big time, offering a fresher user experience, more intuitive functions and, in general, more horsepower.

- **Parrot® Bluetooth®**
  Not only can you stream audio from your Bluetooth-enabled smartphone, access your phonebook, but you can also now conveniently access and control your music right on the receiver's screen, via A2DP

- **New navigation and latest map guarantee**
  The Navigation System is now driven by popular iGo Primo software, for more intuitive and friendly operation

- **SiriusXM**
  All SiriusXM-Ready™ receivers are compatible with the late generation SiriusXM Connect Vehicle Tuner.

Compatible with the new iPhone 5 and iOS 6 software.

Bluetooth™ Made for iPod iPhone USB UNIVERSAL SERIAL BUS SD CARD READER Parrot Works With PANDORA® SiriusXM READY

9200BT SERIES

VM9226BT

2DIN 6.2" widescreen Bluetooth®/multimedia system

- DVD / CD / MP3 / WMA playback
- Built-in Bluetooth® with external microphone (HFP/A2DP/AVRCP)
- SiriusXM-Ready™
- Pandora® Control via iPhone®
- Made for iPod® / iPhone®
- Navigation ready
- Front and rear USB / front SD card
- Front panel 3.5mm A/V input
- RGB front panel illumination
- 5 selectable wallpaper backgrounds
- 4VRMS RCA line out
- Front / Rear / Subwoofer RCA out
- Audio / Video out
- Steering wheel control interface
- Remote control

Built-in Bluetooth:
Now you can talk on your cell phone while keeping your hands on the wheel. In addition, with external microphone (HFP/A2DP/AVRCP) you can stream your music without wires to your new Jensen multimedia system.

VM9216BT

1DIN 7" widescreen multimedia/Bluetooth® system

- DVD / CD / MP3 / WMA playback
- Built-in Bluetooth® with external microphone (HFP/A2DP/AVRCP)
- SiriusXM-Ready™
- Pandora® Control via iPhone®
- Made for iPod® / iPhone®
- Navigation ready
- Front and rear USB
- Front panel 3.5mm A/V input
- RGB front panel illumination
- 5 selectable wallpaper backgrounds
- 4VRMS RCA line out
- Front / Rear / Subwoofer RCA out
- Audio / Video out
- Steering wheel control interface
- Remote control

9200BT SERIES OPTIONAL ACCESSORIES

- **GPS Navigation module (NAV104) -**
  Search over 11 million POIs (Points-of-Interest), pinpoint your destination and get there, all while having Text-to-speech voice guidance in English, French and Spanish. iGo primo with US maps.
- **Rear-view cameras (ACA200W, CMOS2, ACA400 and ACA500)**
  Safety is our primary concern, and offering best-in-class cameras that boast wide-angle views while packaged in weather-resistant housings ensures your customers have high-performance products that help eliminate blind spots.

Compatible with the new iPhone 5 and iOS 6 software.

9100 SERIES

Lend an Ear to the Revolution!

Have you heard the news? Jensen is back with a new speaker design, and we're starting a Revolution, literally. And Jensen's new Revolution Series speakers mark our historic return. They begin with an exquisite European look that will surely seduce the eye... but be clear, it's your ear we're after. Rubber surrounds combine stable, consistent linearity and maximum excursion with dependable

performance over time and use – the best of both speaker worlds. You'll find low-distortion polypropylene woofers with optimized suspensions. That, brings your favorite music to life with sound that is deep, rich and crystal clear. And additional voice-coil ventilation dissipates heat more efficiently, so the speakers don't overheat. Are YOU ready for the Revolution? Jensen speakers. They're back with a vengeance!

REVOLUTION SERIES

JRX235

3.5" 2-way coaxial speaker

• 140W peak power handling
• 35W continuous power handling
• 3.5" low-distortion polypropylene woofer
• 1" polycarbonate tweeter
• Nitrile rubber surround for maximum excursion and linearity
• Frequency response (80Hz - 26kHz)

JRX357

5" x 7" / 6" x 8" 3-way triaxial speaker

• 280W peak power handling
• 70W continuous power handling
• 5" x 7" low-distortion polypropylene woofer
• 1" polycarbonate tweeter
• 0.75" polycarbonate super tweeter
• Nitrile rubber surround for maximum excursion and linearity
• Vented spider for better heat dissipation and mechanical damping
• Frequency response (36Hz - 30kHz)

JRX365

6.5" 3-way triaxial speaker

• 280W peak power handling
• 70W continuous power handling
• 6.5" low-distortion polypropylene woofer
• 1" polycarbonate tweeter
• 0.75" polycarbonate super tweeter
• Nitrile rubber surround for maximum excursion and linearity
• Vented spider for better heat dissipation and mechanical damping
• Frequency response (36Hz - 30kHz)
• Grilles included

JRX369

6" x 9" 3-way triaxial speaker

• 400W peak power handling
• 100W continuous power handling
• 6" x 9" low-distortion polypropylene woofer
• 2" polycarbonate midrange
• 1" polycarbonate tweeter
• Nitrile rubber surround for maximum excursion and linearity
• Vented spider for better heat dissipation and mechanical damping
• Frequency response (32Hz - 30kHz)
• Grilles included

JRX252

5.25" 2-way coaxial speaker

• 240W peak power handling
• 60W continuous power handling
• 5.25" low-distortion polypropylene woofer
• 1" polycarbonate tweeter
• Nitrile rubber surround for maximum excursion and linearity
• Vented spider for better heat dissipation and mechanical damping
• Frequency response (42Hz - 26kHz)
• Grilles included
JS SERIES

JS652

6.5" 2-way coaxial speaker

- 75W peak power handling
- 25W continuous power handling
- 6.5" paper cone woofer with 4.7oz. magnet
- 1.25" tweeter with ferrite magnet

JS692

6" x 9" 3-way triaxial speaker

- 105W peak power handling
- 35W continuous power handling
- 6" x 9" paper cone woofer with 10oz. magnet
- 1" tweeter with ferrite magnet

CLASS D SERIES

Power2000.1D

Mono class D amplifier

- High current MOSFET power supply and output transistors
- 1 x 1000W @ 1 ohms
- 1 x 725W @ 2 ohms
- 1 x 450W @ 4 ohms
- Class D design for improved efficiency and size
- 1-ohm stable
- Variable infrasonic high pass filter 10 – 40Hz (12dB / octave)
- Variable low pass filter 40 – 300Hz (12dB / octave)
- Variable bass EQ 0 ~ 12 dB at 45Hz
- Phase switch 0 ~ 180 degrees
- Pass-through RCAs
- Short circuit, DC – offset and thermal overload protection circuitry with diagnostic LEDs
- Remote input level control

Power1500.5D

5 Channel class D amplifier

- High current MOSFET power supply and output transistors
- 1 x 400W, 4 x 90W @ 2 ohms
- 1 x 230W, 4 x 60W @ 4 ohms
- Full-range Class D design for improved efficiency and size
- 2-ohm stable
- Full-range channels include variable high pass filters 16 – 160Hz (12dB / octave)
- Subwoofer channel includes variable low pass filter 30 – 160Hz (12dB / octave)
- Subwoofer channel includes variable bass EQ 0 ~ 12dB at 45Hz
- Short circuit, DC-offset and thermal overload protection circuitry with diagnostic LEDs
- Remote input level control (for sub channel)

POWER SERIES

Power900.1

Mono amplifier
- MOSFET Power Supply
- 1 x 450W @ 2 ohms
- 1 x 300W @ 4 ohms
- Low-Pass Filter (40Hz - 300Hz @ 12dB/octave)
- Subsonic Filter (10Hz - 40Hz @ 12dB/octave)
- Variable bass EQ (0 - 12dB @ 45Hz)
- Pass-thru RCAs
- Encapsulated power and speaker connectors
- 30x2 ATO fusing
- LED status indicator
- Thermal overload protection
- Remote input level control (5M cable)

Power760.4

4|3|2-channel amplifier
- MOSFET Power Supply
- 4 x 100W @ 2 ohms
- 4 x 75W @ 4 ohms
- 2 x 190W @ 4 ohms bridged
- High -Pass Filter (40Hz - 300Hz @ 12dB/octave)
- Low-Pass Filter (40Hz - 300Hz @ 12dB/octave)
- Variable bass EQ (0 - 12dB @ 45Hz)
- Full range operation
- Pass-thru RCAs
- Channel selector switch (4/3/2)
- 20x2 ATO fusing
- LED status indicator
- Thermal overload protection

Power400.2

2|1-channel amplifier
- MOSFET Power Supply
- 2 x 100W @ 2 ohms
- 2 x 75W @ 4 ohms
- 1 x 200W @ 4 ohms bridged
- High-Pass Filter (40Hz - 300Hz @ 12dB/octave)
- Low-Pass Filter (40Hz - 300Hz @ 12dB/octave)
- Variable bass EQ (0 - 12dB @ 45Hz)
- Full range operation
- Pass-thru RCAs
- 25x1 ATO fusing
- LED status indicator
- Thermal overload protection

BACK-UP SENSORS

PSB100

4 sensor system
(Rear mounted application only)

- Four sensors detect obstacles up to 4.5 feet away from the bumper
- Rear mounted application only
- Includes several angle sensor sleeves to fit most bumpers
- Sensors can be flush installed without the sleeves for a more OEM look in plastic bumpers
- Adjustable buzzer volume and single color red led warning module helps with object range notification
- Three detection zones gives the following warnings:

    1. Slow beep within 4.5 – 2.5 feet, slow flashing led indicator

    2. Medium beep within 2.4 – 1.3 feet, medium flashing led indicator

    3. Steady tone within 1.3 feet, rapid flashing led indicator.

    Ranges are approximate and will vary depending on installation, weather conditions, and object size and shape.

Installation accessories

SPC3
13/16" hole saw

- For installing PS Series sensors without the supporter ring

SPC4
26mm* hole saw

- For installing PS Series Sensors with the supporter ring

    *26mm for sensors when installed in metal bumpers – Always use the sensor sleeve for any metal bumper.

DON'T BACK-UP WITHOUT BACKUP.

KIDS AND CARS
LOVE THEM, PROTECT THEM
www.kidsandcars.org
Audiovox Supports the Work of KIDS AND CARS

REAR OBSERVATION

Included components

ACA240

**Wireless vehicle
rear observation system**

- Complete wireless vehicle rear observation system
- Includes: camera, monitor, and all required items to install.
- 2.4 GHz wireless transmitter eliminates the need to run wires through the vehicle.
- Automatically turns on when the vehicle is put into reverse.
- 110° wide angle camera for better viewing
- New smaller camera bracket won't hide registration stickers
- Monitor mounts on dash or windshield

Included components

ACAM350

**3.5" LCD TFT
rear observation monitor**

- 3.5" color LCD TFT rear observation monitor
- Compatible with most video back-up cameras
- Single RCA video input
- Flexible mounting base comes complete with 3M brand automotive grade mounting tape to mount the monitor securely on either the vehicle windshield or dashboard
- Power is supplied by the back-up lights at the same location as the camera reducing installation time
- Monitor turns on automatically when the vehicle is in reverse and the camera is activated
- A 19' long wire harness is included to fit most vehicles

Included components

LCDM40A

Replacement rear view mirror with embedded 4" LCD monitor

- OEM Style replacement rear view mirror fits Ford, GM, Chrysler/Jeep mounts and includes adapters for Toyota and Honda Vehicles
- 4" High resolution LCD 4:3 ratio screen
- 2nd Camera input or dual input for reverse camera continuous monitoring
- Contrast, brightness, volume, and mirror/normal monitor mounted controls
- Selectable alignment overlay lines
- Brightness auto-adjusting monitor based on the vehicle interior light level
- Recommended camera: ACA200W, CMOS2, ACA400, ACA500 and CAM500
- The LCDM40A monitor is compatible with any Audiovox hardwired camera and/or any observation camera with an RCA video jack

16

CAMERAS

ACA200W

License plate / surface mounted wired back-up camera

Included components

- License plate / surface mount wired back-up camera
- Patented design camera mounts behind the license plate – does not obstruct the license plate
- Now includes a surface mounting bracket for more installation options
- Compatible with any monitor with a standard RCA video input
- Selectable normal or mirror image view for multiple mounting options (front or rear)
- Weather resistant camera housing – IP66 tested & certified
- CMOS camera element with a 130° wide angle view
- Adjustable vertical camera angle helps with different height vehicles
- Camera power supplied by back-up lights for easy installation
- 25' extension RCA video cable included

Patent #7883064

CMOS2

5-in-1 multi-mount rear observation camera

Included components

- 5-in-1 multi-mount camera: surface mount, traditional drilled mount, snap-in mount, short butterfly mount, long butterfly mount.
- Removable front trim ring can be painted to match
- Compatible with any monitor with a standard RCA video input
- Selectable normal or mirror image view
- Weather resistant camera housing – IP66 tested & certified
- CMOS camera element with a 170° wide angle view
- Camera power supplied by back-up lights for easy installation
- Resolution 510 x 492

CAM500

Universal tailgate handle camera

- 170 Degree extended view for full behind vehicle safety
- Waterproof under vehicle connection with disconnect protection
- Aluminum powder coated housing
- Selectable parking lines and reversible viewing angle
- 3 Year Warranty

Included components

CAMERAS

Included components

ACA400

OE-Style backup camera

- Built-in visual parking lines
- 1/4" CMOS high resolution color camera
- Compact ABS plastic body
- Waterproof housing
- 150° wide-angle lens
- 0.3 lux minimum illumination
- 672 x 520 resolution
- Waterproof – IP67 rated
- Operating temp – 30c to +70c
- Current – max: 80ma
- Hole saw included

Included components

ACA500

Shaft-mount backup camera

- Built-in visual parking lines
- 1/4" CMOS high resolution color camera
- Compact zinc alloy die-cast body
- Waterproof housing
- 150° wide-angle lens
- 0.3 lux minimum illumination
- 672 x 520 resolution
- Waterproof – IP67 rated
- Operating temp – 30c to +70c
- Current – max: 80ma

Included components

ACA600

Mini-bullet backup camera

- 1/4" CMOS high resolution color camera
- Surface or flush mount
- Compact, zinc alloy die-cast body
- Waterproof housing
- 135° wide-angle lens
- 0.01 lux minimum illumination
- 656 x 488 resolution
- Waterproof - IP67 rated
- Hole saw included

Included components

ACA700IR

Surface-mount backup camera with IR assist

- 1/4" CMOS high resolution color camera with IR night vision assistance
- Surface mount
- ABS plastic body
- 120° wide-angle lens
- 0 lux minimum illumination
- 648 x 488 resolution
- Waterproof – IP67 rated

EMBRACE YOUR TECHNOLUST.

STREET CRED

- 6.2" high resolution TFT with touch screen controls
- iGO Primo® built-in navigation with 11 million POIs and 3D landmarks & graphics
- SiriusXM-Ready™
- iPod®/iPhone® connectivity
- Built-in Parrot® Bluetooth® with audio streaming
- Pandora® control through iPhone®
- Steering wheel control; rear-view camera-ready
- USB | SD | Aux-in for today's digital lifestyle

Meet the **VM9726BT Navigation | Multimedia System**, featuring everything needed to satisfy your technolust: Turn-by-turn voice navigation, hands-free calling, wireless streaming from smartphones, SiriusXM-Ready™, Pandora control through iPhone, digital content playback via USB | SD | Aux-in, steering wheel control and rear view camera-ready, and complete touch screen control to embrace it all.

ABOUT AUDIOVOX ELECTRONICS CORPORATION (AEC)

Audiovox Electronics Corporation (AEC) is a wholly owned subsidiary of VOXX International Corporation (NASDAQ:VOXX), a leading, global supplier of mobile and consumer electronics products. The Company holds number one market share in rear seat entertainment as well as remote start systems. AEC is also a recognized leader in the marketing of automotive entertainment, Location Based Services (LBS), rear observation systems, and vehicle security. It's extensive distribution network includes power retailers and 12-volt specialists as well as nearly all of the major vehicle manufacturers ("OEMs"), both domestically and abroad.

Audiovox Electronics possesses a strong brand portfolio and its products ranks among the top ten in almost every category in which they sell. Primary brands include Audiovox®, Invision®, Jensen®, Omega®, Advent®, Code Alarm®, Prestige®and Excalibur®.

Headquartered in Hauppauge, NY, Audiovox Electronics has a manufacturing facility in the United States, and a robust international footprint with offices in Europe, Canada, Mexico and Venezuela. For additional information, please visit our Web site at www.audiovoxproducts.com.

ABOUT VOXX INTERNATIONAL CORPORATION

VOXX International Corporation (NASDAQ:VOXX). The Company that began as Audiovox over 45 years ago has morphed into a worldwide leader in many automotive and consumer electronics and accessories categories, and now into premium high-end audio. The Company's brands hold leading market positions across a wide-spectrum of consumer and automotive segments.

Today, VOXX International is a global company….with an extensive distribution network that includes some of the world's Fortune 500 companies and an international footprint in Europe, Asia, Mexico and South America, and a growing brand portfolio, which is now comprised of over 30 trusted brands including Audiovox®, Klipsch®, RCA®, Invision®, Jensen®, Acoustic Research®, Jamo®, Energy®, Mac Audio®, Magnat®, Heco®, Schwaiger®, Hirschmann Car Communication®and Oehlbach®. The Company continues to drive innovation throughout all of its subsidiaries, and maintains its commitment to exceeding the needs of the consumers it serves. For additional information, please visit our Web site at www.voxxintl.com.

VOXX International and all of its family of brands are committed to helping save our environment. To that end, all printed materials produced by us are printed on recyclable paper using only biodegradable eco friendly coatings. We use soybean rather than petroleum based inks. Our printing presses have "Purge on Press" capability; use no alcohol and therefore result in no vapor pollutants in the air.

IMPORTANT SAFETY NOTICE

It is unlawful in most jurisdictions for a person to drive a motor vehicle which is equipped with a television viewer or screen that is located in the motor vehicle at any point forward of the back of the driver's seat, or that is visible, directly or indirectly, to the driver while operating the vehicle. This product should ONLY be installed to the rear of the back of the driver's seat where it will not be visible, directly or indirectly, to the operator of the motor vehicle. In addition, the state of Rhode Island forbids the installation of such a device in a motor vehicle.
