Audiovox's 2013 Mobile Hi-Def Video Overhead Systems— - Now Shipping-

HDMI/MHL input features allow simple plug in for smartphone connectivity

HAUPPAUGE, NY – September 12, 2013 – The 2013 Audiovox Mobile Video Overhead Systems first shown at the January CE Show in Las Vegas are now shipping to retailers nationwide. The enhanced overhead systems take rear seat entertainment to a new level of quality, convenience and value with High-Def Digital LED monitors and clean, factory-finish installation.

"Mobile video is entering a new era as Wi-Fi connectivity has changed how we access content wherever we go. More and more of us are getting accustomed to living in the cloud- - buying, renting and streaming content that can be shared across many devices vs buying physical media," said Tom Malone, president of Audiovox Electronics Corp.

Malone continued, "Our new premium 10.1" overheads provide retailers and their consumers the easiest and most cost effective way to CONNECT the car and broaden the entertainment options delivered to the backseat. Our units offer digital A/V inputs that support both HDMI and MHL protocols so if you can see it on your mobile device, you can send it to the monitor that keeps the kids entertained. Simply take your mobile device, add a cable or adaptor and connect to our overhead.

The VODEXL10.1" Hi-Def Digital Monitor with Built-in DVD Player and HDMI/MHL Input features 2 HDMI/MHL inputs enabling smart phones and other personal mobile devices to be plugged in directly and conveniently. Content that is stored or being streamed LIVE to the mobile device can be played back on the monitor via a user accessible connection or through a hidden connection if hardwiring is requested. A game port allowing the option to add 54 32bit games provides flexibility to retailers to add step up options for consumers. The system also features audio/video inputs and outputs, USB port with charging capability,

M1/M2 control, an integrated IR headphone transmitter, built-in 100 channel FM modulator with FM transmitter function, last position memory and auto on upon disc insertion. Available in interchangeable shale, pewter and black trim rings and snap-on covers. Manufacturer's Suggested Retail Price (MSRP): \$529.99

The VODDLX10 10.1" Hi-Def Digital Monitor with Built-in DVD Player features a 10 inch hi-def monitor along with a USB reader, audio/video inputs and outputs, integrated IR headphone transmitter, built-in 100 channel FM modulator with FM transmitter function, last position memory, remote control, two wireless headphones and M1/M2 operation. Available in interchangeable shale, pewter and black trim rings and snap-on covers. Manufacturer's Suggested Retail Price (MSRP): \$449.99

Safe Harbor Statement

Except for historical information contained herein, statements made in this release that would constitute forward-looking statements may involve certain risks and uncertainties. All forward-looking statements made in this release are based on currently available information and the Company assumes no responsibility to update any such forward-looking statement. The following factors, among others, may cause actual results to differ materially from the results suggested in the forward-looking statements. The factors include, but are not limited to risks that may result from changes in the Company's business operations; our ability to keep pace with technological advances; significant competition in the automotive, premium audio and consumer accessories businesses; our relationships with key suppliers and customers; quality and consumer acceptance of newly introduced products;

market volatility; non-availability of product; excess inventory; price and product competition; new product introductions; foreign currency fluctuations and concerns regarding the European debt crisis; restrictive debt covenants; the possibility that the review of our prior filings by the SEC may result in changes to our financial statements; and the possibility that stockholders or regulatory authorities may initiate proceedings against VOXX International Corporation and/or our officers and directors as a result of any restatements. Risk factors associated with our business, including some of the facts set forth herein, are detailed in the Company's Form 10-K for the fiscal year ended February 28, 2013.
