

News Release

OMEGA Upgraded Their Compressor/Air Tank Combo to 200PSI

DOUGLASVILLE, GEORGIA – JULY 30, 2014 – Omega Research and Development Technologies, Inc. is now shipping the new AC200PSI Air Compressor/Air Tank Combo. Get the most brutal volume from your Omega AH-300, AH-300-BLK, & AH-D300+ train horns, or off brand horn, using this new 200 PSI unit.

This new 200 PSI compressor/air tank combo comes fully assembled and ready to install with a 2 gallon air tank, pre-wired 165 psi ON/200 psi OFF pressure switch, 12-Volt Permanent Magnetic Motor, 250 PSI safety valve, and 1/2-inch port compression fitting for 3/8-inch air line.

The AC200PSI is not just for powering “Train” horns. You can also use the AC200PSI for any mobile air source needs such as: air ride suspensions, controlling an air locking differential in your trail truck, or miscellaneous light-duty mobile pneumatic tasks.

About Omega:

Omega Research & Development Technologies has been an innovative leader in the vehicle security industry for over 40 years. Since its founding in 1971, Omega's product line has diversified to include remote start modules and other vehicle accessory products. Omega's most recent product offerings include the exciting new technologies of telematics, wireless and databus integration.

With the vision of the founder, Kenneth Flick, guiding the company, auto security systems remain the central focus of Omega Research & Development Technologies. In 1995, Omega became the only company in the keyless entry arena with a technology designed to prevent crime due to unauthorized transmitter access to vehicle systems. The patented technology, **Unauthorized Transmitter Alert**, promises to revolutionize the industry. Consumers can now have instant knowledge of any unauthorized access to their keyless entry systems. Most of the product lines manufactured by Omega are equipped with Unauthorized Transmitter Alert technology.

Omega's mission, as it was over four decades ago, is to provide reliable, leading-edge security and automotive accessory products at a competitive price.
