

Audiovox Expands iPad Mounts and Accessories Product Line

New introductions to include iPad Mini docks and add-on accessories

LAS VEGAS – January 7, 2013 – International CES, Center Hall, Booth 10415 – [Audiovox Electronics Corporation \(AEC\)](#), a wholly-owned subsidiary of [VOXX International Corp.](#) (NASDAQ: VOXX), announced today that they will expand their newly introduced iPad mount and accessories product line in 2013 to include iPad mini and 4th generation iPad vehicle and add-on accessories. Delivery is expected in the second quarter of 2013.

Tom Malone, President of Audiovox Electronics Corporation stated, “We recently launched our iPad mounts and accessories program and have received great response at retail. The logical expansion of the line is to provide Rear-Seat Entertainment (RSE) solutions for the iPad mini and 4th generation iPad facilitating their use in and out of the vehicle. We are in the final stages of design and expect to have prototypes on display at the show and product shipping in the second quarter of this year.”

The current iPad compatible [Audiovox RSE system](#) offers four vehicle kits to deliver the right mix of fit and function, each featuring a removable low-profile protective case that safeguards your iPad with style in and out of the vehicle and a headrest post mount docking station. Reinforced with steel construction, the seatback dock eliminates the “wobble” factor when enjoying content in the rear seat of a moving vehicle. The iPad case easily docks and undocks to seatback via a “Quick Connect” mechanism with adjustable depth settings for proper fit and the case tilts up and down to provide multiple viewing angles. The removable protective case has a built in retractable arm that offers multi-function uses such as a keyboard stand, table stand and eliminates the need to remove the iPad from the case when used in a non-vehicle environment.

Current In-Vehicle Solutions - Rear Seat Entertainment Mounts

The [IPD-2FM](#), Rear Seat Entertainment mount for iPad2 and new iPad features a low-profile protective case/seatback docking station, a built-in charging port which allows you to charge your iPad in the case and in the vehicle, built-in dual channel IR headphone transmitter and a built-in FM transmitter so that audio can be wirelessly transmitted to the vehicle radio. Available now. MSRP: \$149.99.

The [IPD-2HP](#), Rear Seat Entertainment mount for iPad2 and new iPad features a low-profile protective case/seatback docking station, a built-in charging port and a dual channel IR headphone transmitter. Available now. MSRP: \$129.99.

The [IPD-2C](#), Rear Seat Entertainment mount for iPad2 and new iPad features a low-profile protective case/seatback docking station and a built-in charging port. Available now. MSRP: \$99.99.

The [IPD-1](#), Rear Seat Entertainment mount for iPad2 and new iPad features a low-profile protective case and seatback docking station. Available now. MSRP: \$59.99.

Vehicle Mounts – Expand for use in a second vehicle...

These Audiovox Vehicle Mounts allow you to use your existing Audiovox iPad vehicle kit, in another vehicle.

The [IPD-VDSC](#), additional headrest mount with charging capabilities is compatible with Audiovox vehicle iPad cases: IPD-2FM, IPD-2HP and IPD-2C. Available now. MSRP: \$49.99.

The [IPD-VDS](#), additional headrest mount is compatible with the Audiovox vehicle iPad case: IPD-1. Available now. MSRP: \$39.99.

Soundbars – Expand for on the go use...

The Audiovox Soundbar expands your RSE mount for portable audio on the go. These systems allow you to connect to your iPad, tablet, Smartphone or MP3 player via Bluetooth or 3.5mm audio input. These system feature enhanced sound in small compact design, built-in rechargeable battery (10 hours of continuous performance), aux audio input, USB charging cable included, audio input cable included and proprietary attachment bracket for all Audiovox RSE cases (models: IPD-2FM, IPD-2HP, IPD-2C, IPD-1).

The [IPD-SBBT](#), Bluetooth Soundbar with rechargeable battery features audio streaming Bluetooth version 3.0/EDR/A2DP/AVRCP. Available now. MSRP: \$99.99.

The [IPD-SB](#), auxiliary Soundbar with 3.5mm audio input and rechargeable battery. Available now. MSRP: \$89.99.

Home Mount – Expand for home/office use...

Connect the Audiovox iPad cases (models: IPD-2FM, IPD-2HP and IPD-2C) and play audio through the dock's self-contained speakers all while charging the unit. Other features include a power cord, volume control, swivel base, phase reversal switch and an auxiliary input.

The [IPD-HDSS](#), powered sound dock with charging capabilities. Available now. MSRP: \$119.99.

The IPD-HPS - Home Power Adapter is compatible with vehicle kit models IPD-2C, IPD-2HP and IPD-2FM. This accessory provides charging of the iPad when used outside of the vehicle so that the iPad does not have to be removed from the protective case.

Headphone:

The BTHP1, Bluetooth stereo headphone with built-in microphone features Bluetooth version 2.1+ EDR and supports HSP/HFP/A2DP and AVRCP, has an operating distance of 30 feet, with up to 11 hours talk time, 10 hours music playback time, 250 hours of standby time and takes 3 hours to charge. This headphone also features a compact folding design, adjustable comfort headband, music pause on incoming call, automatic reconnect and embedded microphone for hands-free conversation as well as three-way call function. Available now. MSRP: \$129.99.
