

## **VOXX Accessories Corp. Introduces Soundboard Portable Speakers with SoundFlow Wireless Audio**

*Soundboard lets consumers enjoy smartphone audio in a big way, anywhere they want*

**LAS VEGAS, NV – MAY 21, 2013 - CTIA, Booth 26030** – VOXX Accessories Corp. announced today the introduction of the Soundboard Portable Speaker line featuring SoundFlow Wireless Audio, which instantly lets consumers enjoy smartphone audio in a big way. The Soundboard Portable Speaker requires no wires, no pairing, and no connection. All you do is lay your smartphone on top of the product. SoundFlow wireless audio does the rest by “flowing” your smartphone audio to the Soundboard’s larger speaker. The Soundboard supports virtually all brands and models of today’s smartphones. In fact, almost any portable device with a speaker works with a Soundboard. The Soundboard will be available this August in 3 different colors: SP20WHBK (white top, chrome trim and black bottom), SP20WDBK (woodgrain top, chrome trim and black bottom), and SP20BKGR (matte black top, lime green trim and black bottom).

“The SoundFlow product line grew out of a simple desire: to make it as easy as possible to turn smartphone audio into sound that’s big enough to enjoy out loud. The Soundboard takes this convenience one step further, by making SoundFlow completely portable,” said David Geise, President of VOXX Accessories Corporation. “Just place any smartphone with music playing on top of the Soundboard to enjoy music anywhere in a big way! When you’re ready to move, just pick up the Soundboard and your phone, and go. It doesn’t get any easier.”

The Soundboard Portable Speaker integrates into the home and outside by adding sound seamlessly and simply wherever consumers need it, fulfilling a real consumer need in the easiest, most straightforward way possible.

### **The Soundboard Portable Speaker**

The Soundboard Portable Speaker has a total output power of 2W, with enhanced sound from its dual-ported audio design, volume controls, and a 3.5mm audio in jack (cable included). The Soundboard offers two options for power: 5V DC or batteries (3xAA, sold separately), with an LED power indicator. The Soundboard line will be available at retail in August with an MSRP of \$29.99.

SoundFlow wireless audio technology is marketed by VOXX Accessories Corporation, a wholly owned subsidiary of [VOXX International Corp.](#), (NASDAQ: VOXX).
