

## Managing videos on your computer

### Windows computer requirements

- Intel Pentium 4 800MHz with at least 512MB of RAM
- Microsoft Windows® XP with Service Pack 2 or Windows Vista™
- SVGA or better display monitor
- Sound Card
- Video card with display settings set at a screen resolution of 800x600 or higher
- Windows Media Player 9 or later\*

\* Available for free download at [www.microsoft.com](http://www.microsoft.com)

### Connecting to a PC

1. Extend the USB Connector ARM.
- Refer to "USB Connector ARM" overleaf for more information.
2. Align the USB Connector ARM to USB jack of computer and insert.
- Please use the supplied USB Extender Cable if the USB Connector ARM of the camcorder is obstructed or space does not permit direct connection to PC.
- Camcorder will not record when it is connected to computer.
3. The first time you connect the camcorder to a PC, the RCA Memory Manager application will start installation automatically. Follow the instructions on screen for installation.
- If the installation does not start automatically, open My Computer and double-click the EZ205 icon. Double-click rcasw\_setup to start the installation.
- The installation sequence will only appear the first time you connect your camcorder to a PC. Each subsequent time you connect the camcorder to that PC, the RCA Memory Manager application should open automatically.

### Save

To save all videos:

- From the *View videos* tab, click the **SELECT** button in the upper right corner to check all videos and then click the **SAVE** button.

To save selected videos:

- From the *View videos* tab, click the checkbox next to the video(s) you wish to save then click the **SAVE** button in the upper right corner.
- All videos will be saved to the default location: *My Documents\My Videos\RCA Small Wonder\Saved Videos\“Category”*. (Category refers to the genre or category you assigned to the video in the Video Details screen.) If no category was assigned, the video will be saved under the default locations, ... \Default.
- You can add descriptive information about your videos by clicking the *Video Details* option found on the single view mode under the *View videos* tab.

### Delete

Deleting can be done in both the View and Share videos tabs.

1. Select the video(s) to be deleted by clicking on the checkbox next to the video(s).
2. Click the **DELETE** button (trash icon) located near the upper right corner.

- In the *Share videos* tab, you must first select *Email Videos* or *Upload Videos* before following the steps above to delete videos.

### Playback

- While in the *View videos* tab, double-click any preview image, thumbnail or file name (depending on the viewing mode) to launch the video in larger single view mode.
- While viewing the video, click the pause "II" button and then click **EZ Grab™** located next to the video to save the current screen as bitmap or jpeg file. Click + or - under the playback screen to skip one frame forward or backward.

### Email

1. Click the *Share videos* tab.
2. Select *Email Videos*.
3. Select the video(s) you wish to email by clicking on the checkbox next to the video(s) you wish to send.

### 4. Click the EMAIL button.

- Videos will be automatically compressed into a more email friendly WMV format and size for sending. If you have a lengthy recording of 5MB or larger file, you may wish to use the Upload feature instead.

### Upload

Uploading is another way to share larger videos/files or to share a video with someone using dial-up modem connection.

1. Click the *Share videos* tab.
2. Select *Upload Videos* from either YouTube or Box.net
3. Login to the online account provided by YouTube or Box.net. (Registration is free)
4. Select the video you wish to upload by clicking on the button next to it.
5. Click the *Upload Video* button.

- Optional: Enter the email address of anyone you wish to notify of the video. An email containing a hyperlink to view the video online will be sent to them. No registration is required to view the video.
- Videos will be compressed into a more web friendly WMV format and size for uploading. The maximum size for a single upload is 35 MB.

### Edit

Trim your video clips to include only the best footage. Better yet, trim several video clips and then join them together into one movie.

1. Click the *Edit videos* tab.
2. Click and drag the desired video(s) from the thumbnail collection to the Stage at the bottom of the page.
3. Click on a video in the Stage to load it into the edit window to the right.
4. Use the markers to set the new Start and End points of the video clip.
5. Repeat this with any or all videos in the Stage until completed.
6. You may rearrange the videos in the Stage by dragging them left or right.
7. Click on the *Save* button to save the new movie.

- The original video clips will remain untouched in their current location. The new movie will be saved to *My Documents\My Videos\RCA Small Wonder\Edited Movies* directory.

For more detailed instructions on using RCA Memory Manager, please refer to the help section in the software.
