mobile video

2013

FULL LINE CATALOG

2013

Improving Quality & Extending Value

This year, we've focused our efforts on enhancing the mobile video experience — taking many of our already dominant products and making them even better. Improving quality and extending value. Our commitment to moving technology forward keeps customers delighted, competitors challenged and puts Audiovox ahead of the curve.

always moving ahead...

Not only do we offer greater depth and diversity in our Headrest and Overhead Systems, but we've made quality improvements in key areas that enhance value. These include better-engineered electronics, sharper aesthetics, and advanced features and functions. It all results in mobile video solutions that surpass stringent OE standards and satisfy consumer preferences. We're making new product introductions in Overhead Systems as well as launching elegantly designed, safe and secure iPad Mounting Kits. In addition, we're presenting the exciting integration of Dyle-TV, which brings LIVE TV programming to moving vehicles without the need to subscribe to costly data or cellular plans. And that's not all. Be sure to stay tuned for additional innovations also slated to launch this year.

Market-driven products. Intelligent enhancements. Extensive options, accessories and applications. This is why Audiovox, year after year, remains your premier source for quality and value in rear seat entertainment.

A Welcome Peace of Technology

Let's face it, keeping kids quiet in the backseat has always been a challenge. Parents and grandparents are "crying" for help, and Audiovox headrests deliver — both functionally and stylistically. In fact, from headrest bun design & construction to impressive electronics to gorgeous direct-from-the-factory looks, no one offers a better custom headrest program than Audiovox. Our value cannot be beat.

Complying to rigid OE standards with ease, style and sophistication, ours is a true vehicle-specific program like no other available today — meeting and/or exceeding stringent Federal Motor Vehicle Safety Standards regulations. This is True OE Replacement at its best. Why is this important? Because owners shouldn't have to settle on appearance just to keep the kids entertained. Thanks to Audiovox innovation, they compromise nothing.

- Color, material, grain pattern, stitching, piping — are all custom tailored.
- Headrest bun shapes and assemblies are designed to match the factory headrests.
- Solid frame construction ensures stability; posts are notched to factory spec.
- Elegant & cleanly designed monitors are securely fastened to headrest.
- Advanced electronics, picture & sound rival much higher priced systems.
- Plus... a variety of flexible configurations fit all needs and budgets — Dual DVD, Single DVD/Single Monitor, Dual Monitors, etc.

With an unparalleled headrest system fully customized by Audiovox, peace & quiet in the backseat never looked — or sounded! — better.

SOLID ASSEMBLIES

headrest systems

Replacement Headrest Systems

- Dual replacement custom headrests (material, color, grain, stitch, piping matches factory headrests)
- Dual 7" digital monitors w/LED backlighting
- High definition WVGA resolution (800 RGB x 480)
- Adjustable viewing angles
- Both monitors incorporate user accessible A/V input jacks
- Both monitors incorporate dual channel wireless headphone transmitters
- Both monitors incorporate a wired headphone input
- 2 Wireless remote controls
- Hidden away junction box
 - RCA A/V input
 - Full band wireless FM modulator
 - RCA A/V output
 - RF output for hardwired FM modulation connection
 - Game port (game pack with 2 controllers sold separately)

Dual DVD Monitor System

AVXDD7012

- Dual DVD players that play both DVD's and CD's
- Both monitors incorporate a USB reader with charging support

Single DVD/ Single Monitor System

AVXDM7012

- Monitor 1 incorporates a DVD player that plays both DVD's and CD's
- Monitor 1 incorporates a USB reader with charging support

Dual Monitor Only System

AVXMM7012

- System includes A/V input source sensing to turn on the monitor when an input signal is detected

headrest systems

Active Seatback Headrest Systems

- Dual seatback monitor housings with custom mounting brackets (material color matches factory headrests)
- Dual 7" digital monitors w/LED backlighting
- High definition WVGA resolution (800 RGB x 480)
- Adjustable viewing angles
- Both monitors incorporate user accessible A/V input jacks
- Both monitors incorporate dual channel wireless headphone transmitters
- Both monitors incorporate a wired headphone input
- 2 Wireless remote controls
- Hidden away junction box
 - RCA A/V input
 - Full band wireless FM modulator
 - RCA A/V output
 - RF output for hardwired FM modulation connection
 - Game port (game pack with 2 controllers sold separately)

Dual DVD Monitor System

- Dual DVD players that play both DVD's and CD's
- Both monitors incorporate a USB reader with charging support

Single DVD/ Single Monitor System

- Monitor 1 incorporates a DVD player that plays both DVD's and CD's
- Monitor 1 incorporates a USB reader with charging support

Dual Monitor Only System

- System includes A/V input source sensing to turn on the monitor when an input signal is detected

Engineered to Go Over and Above

With exciting new features and innovative enhancements to our Overhead Systems, we're taking rear seat entertainment to a whole new level of quality, convenience and value. With so many easily upgradable, scalable and interchangeable products, options and accessories, there's something for every customer preference, lifestyle, need and budget.

Among these enhancements are our 10" High-Def Digital LED monitors, which reproduce imagery with stunning color, clarity and vibrancy, as well as our popular 12" and 13.3" digital monitors. To ensure a clean and enviable factory-finish installation, gorgeous, snug-fitting bezels are available in black, shale or pewter. Several of our Overhead Systems come with convenient HDMI/MHL inputs, enabling smart phones and other personal devices to be plugged in directly for playing stored or real-time streaming content. Plus, our Overhead Systems are also engineered with proprietary Mobile TV-ready inputs, so that our new and innovative Dyle supported mobile DTV tuners can be quickly and easily connected, bringing LIVE TV programming into the moving vehicle, controlled right through our systems.

With these and many other quality and value enhancements, Audiovox remains committed to going over and above for today's content-hungry consumer... delivering smart, convenient and diverse solutions for enjoying endless forms of media on the road.

Pewter

Black

10.1" Hi-Def digital monitor with built-in DVD player & HDMI/MHL Input

VODEXL10

- Switchable 16:9 / 4:3 aspect ratio
- Interchangeable shale, pewter and black trim rings and snap-on covers
- HDMI/MHL inputs
- Mobile DTV ready
- Audio /video inputs and outputs
- USB port with charging capability
- Game port**
- M1/M2 control (when 2 units are installed in 1 vehicle)
- Integrated IR dual channel headphone transmitter
- Built-in 100 channel FM modulator with FM transmitter function*
- Last position memory and auto-on disk insertion
- 2 fold flat wireless headphones
- Remote control

*Use optional FMDIRB for a hardwired FM modulator

**Optional game pack required (HR7012GP)

10.1" Hi-Def digital monitor with built-in DVD player

VODDLX10

- Switchable 16:9 / 4:3 aspect ratio
- Interchangeable shale, pewter and black trim rings and snap-on covers
- USB reader
- Audio/video inputs and outputs
- Integrated IR headphone transmitter
- Built-in 100 channel FM modulator with FM transmitter functions*
- 2 wireless headphones
- Last position memory
- Remote control
- M1/M2 operation (when 2 units are installed in one vehicle)

*Use optional FMDIRB for a hardwired FM modulator

12.1" widescreen LCD backlit monitor / DVD player with built-in dome lights

VOD129

- Switchable 16:9 / 4:3 aspect ratio
- 30 Built-in video games (24 dual player)
- Auto-on disc insertion
- Interchangeable shale and pewter trim rings and snap-on covers
- Audio / video inputs and outputs
- USB port with charging capability
- Integrated IR transmitter
- Built-in 16 channel FM modulator with FM transmitter function*
- 2 fold-flat wireless headphones
- Wired headphone jack
- Last position memory
- Remote control

*Use optional FMDIRB for a hardwired FM modulator

AVXMTG9 PA/BA/SA

9" Digital LED backlit monitor / built-in DVD player

- Switchable 16:9 / 4:3 aspect ratio
 - Available in pewter, shale or black
 - Audio / video inputs for additional source units
 - USB / SD inputs for digital media (2GB max on SD card)
 - Audio / video output
 - Integrated dual channel IR transmitter
 - Built-in 16 channel FM modulator with FM transmitter function*
 - Remote control with front and rear control
 - Wired headphone jack
 - Cables, mounting bracket and hardware, trim ring included
 - Selectable M1/M2 operation
- *Use optional FMDIRB for a hardwired FM modulator

AVXMTG10UA

10" Digital LED backlit monitor / built-in DVD player

- Switchable 16:9 / 4:3 aspect ratio
 - Interchangeable pewter, shale and black trim rings and snap-on covers
 - Audio / video inputs for additional source units
 - USB / SD inputs for digital media (4GB max on SD card)
 - Audio / video output
 - Integrated dual channel IR transmitter
 - Built-in 16 channel FM modulator with FM transmitter function*
 - Remote control with front and rear control
 - Wired headphone jack
 - Cables, mounting bracket and hardware, trim ring included
 - Selectable M1/M2 operation
- *Use optional FMDIRB for a hardwired FM modulator

AVXMTG13UA

**13.3" LED backlit monitor /
built-in DVD player**

- Switchable 16:9 / 4:3 aspect ratio
- Interchangeable pewter, shale and black trim rings and snap-on covers
- Audio / video inputs for additional source units
- USB / SD inputs for digital media (4GB max on SD card)
- Audio / video output
- Integrated dual channel IR transmitter
- Built-in 16 channel FM modulator with FM transmitter function*
- Remote control with front and rear control
- Wired headphone jack
- Cables, mounting bracket and hardware, trim ring included
- Selectable M1/M2 operation

*Use optional FMDIRB for a hardwired FM modulator

7" Headrest with DVD

AVXMTGHR1D

- Shale, Pewter and Black covers included
- Switchable 16:9 / 4:3 aspect ratio
- Adjustable viewing angles
- Audio / Video inputs for additional source units
- Audio / Video output
- USB/SD inputs for digital media
- Independent switching
- Built-in FM modulator
- Remote control
- 3.5mm to RCA adapter cable (A/V in)
- Enclosed post wiring
- Adjustable Headrest Pole diameter

7" Headrest monitor system

AVXMTGHR1M

- Shale, Pewter and Black covers included
- Switchable 16:9 / 4:3 aspect ratio
- Adjustable viewing angles
- Audio / Video inputs for additional source units
- Independent switching
- Remote control
- 3.5mm to RCA adapter cable (A/V in)
- Enclosed post wiring
- Adjustable Headrest Pole diameter

blu-ray™ / dvd

Slot load automotive Blu-ray™ player

AVDBR1

- Blu-ray/DVD/CD audio playback
- Front panel controls with blue illumination
- USB input for thumb drives (up to 32GB)
- HDMI output
- Composite (RCA) output
- Flexible mounting options
- IR remote control
- 18' IR extension cable

Slot load single disc DVD player

AXDVD1

- DVD/VCD/CD/MP4/MP3/AVI playback
- 3.5mm Audio/Video input (front panel)
- Audio/Video output (rear panel)
- Digital audio output (rear panel)
- USB/SD inputs
- Mounting brackets
- 15' Power cable
- 15' RCA A/V cable
- 15' IR extension cable
- Remote control

Docking Solutions for iPad2® and New iPad®

Rear Seat Entertainment Mount

A touch of brilliance & convenience

Audiovox brings you the ultimate multifunction accessory for your Apple iPad, combining the best of protection and versatility in one intelligently designed system. The Audiovox Rear Seat Entertainment Mount System offers 4 distinct vehicle kits to deliver the right mix of fit and function, each featuring a low-profile protective case that safeguards your iPad with style. Add more value and versatility with a host of accessory options to expand on-the-go and home/office enjoyment of our iPad cases.

Features:

- Low Profile protective case
- Steel structure for safe and secure mounting
- Easily docks and undocks to the seatback via a "Quick Connect" attachment mechanism
- 6 depth settings to allow proper fitment to the seat depending on the size of the headrest
- Adjustable Tilt (Up/Down)

	IPD-2FM	IPD-2HP	IPD-2C	IPD-1
 Protective Case Low profile protective case with steel headrest bracket.	•	•	•	•
 Built in Charging Port Charge your iPad while in the case and in the vehicle.	•	•	•	
 IR Transmitter Built-in Dual channel IR Headphone transmitter that is compatible with most IR headphones. (Headphones not included)	•	•		
 FM Transmitter Built-in FM transmitter so that audio can be wirelessly transmitted to the vehicle radio.	•			

Multi function uses in and out of vehicle

Portable Or On The Go Solutions

Soundbars Expand On the Go Use

ABOUT AUDIOVOX ELECTRONICS CORPORATION (AEC)

Audiovox Electronics Corporation (AEC) is a wholly owned subsidiary of VOXX International Corporation (NASDAQ:VOXX), a leading, global supplier of mobile and consumer electronics products. The Company holds number one market share in rear seat entertainment as well as remote start systems. AEC is also a recognized leader in the marketing of automotive entertainment, Location Based Services (LBS), rear observation systems, and vehicle security. It's extensive distribution network includes power retailers and 12-volt specialists as well as nearly all of the major vehicle manufacturers ("OEMs"), both domestically and abroad.

Audiovox Electronics possesses a strong brand portfolio and its products ranks among the top ten in almost every category in which they sell. Primary brands include Audiovox®, Invision®, Jensen®, Omega®, Advent®, Code Alarm®, Prestige® and Excalibur®.

Headquartered in Hauppauge, NY, Audiovox Electronics has a manufacturing facility in the United States, and a robust international footprint with offices in Europe, Canada, Mexico and Venezuela. For additional information, please visit our Web site at www.audiovoxproducts.com.

ABOUT VOXX INTERNATIONAL CORPORATION

VOXX International Corporation (NASDAQ:VOXX). The Company that began as Audiovox over 45 years ago has morphed into a worldwide leader in many automotive and consumer electronics and accessories categories, and now into premium high-end audio. The Company's brands hold leading market positions across a wide-spectrum of consumer and automotive segments.

Today, VOXX International is a global company...with an extensive distribution network that includes some of the world's Fortune 500 companies and an international footprint in Europe, Asia, Mexico and South America, and a growing brand portfolio, which is now comprised of over 30 trusted brands including Audiovox®, Klipsch®, RCA®, Invision®, Jensen®, Acoustic Research®, Jamo®, Energy®, Mac Audio®, Magnat®, Heco®, Schwaiger®, Hirschmann Car Communication® and Oehlbach®. The Company continues to drive innovation throughout all of its subsidiaries, and maintains its commitment to exceeding the needs of the consumers it serves. For additional information, please visit our Web site at www.voxintl.com.

VOXX International and all of its family of brands are committed to helping save our environment. To that end, all printed materials produced by us are printed on recyclable paper using only biodegradable eco friendly coatings. We use soybean rather than petroleum based inks. Our printing presses have "Purge on Press" capability; use no alcohol and therefore result in no vapor pollutants in the air.

IMPORTANT SAFETY NOTICE

It is unlawful in most jurisdictions for a person to drive a motor vehicle which is equipped with a television viewer or screen that is located in the motor vehicle at any point forward of the back of the driver's seat, or that is visible, directly or indirectly, to the driver while operating the vehicle. This product should ONLY be installed to the rear of the back of the driver's seat where it will not be visible, directly or indirectly, to the operator of the motor vehicle. In addition, the state of Rhode Island forbids the installation of such a device in a motor vehicle.

Photos and specifications subject to change without notice. Illustration of product finish may vary from actual color.
